

Getting a CAT Scan

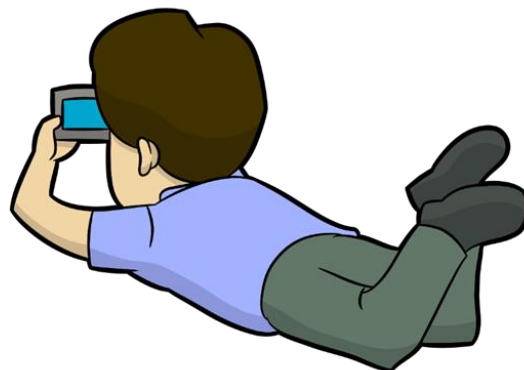

Today I am getting a CAT scan done! I will wait in the waiting room until it is my turn.

Then, I will go to the room where I have to do my CAT scan. The machine that does the scans is called an X-Ray machine, and it looks like a big donut!

The X-Ray Machine takes pictures of my bones and insides. It will only take 1-2 minutes, but I need to stay still! I can watch my favorite TV show on a phone if I get bored!

The X-Ray Machine makes sounds like an airplane, so it may be noisy. I can imagine that I am about to take off on a rocket!

I can ask a helper to count down while my picture is being taken. They can tell me how many minutes are left!

After my pictures have been taken, I'm done! I did a great job!
