

Wearing Glasses

This is a social story about how to wear my glasses and why I need to wear them.

Glasses help me see!

I can wear my glasses with a band around my head or resting on my ears.

If I need a reminder about wearing my glasses,
I can check in the mirror to make sure I have
them on.

A grown-up can also remind me not to forget
my glasses.

Remember that it might feel uncomfortable to wear my glasses at first, but once I get used to them I'll be okay!

I did a great job learning about
wearing glasses!
