

# Speech Therapy

**Today I am going to speech therapy! Speech therapy helps me communicate what I am trying to say so others understand me.**

**My speech therapist might say a word or make a sound  
and ask me to repeat it.**

**If I'm having trouble talking, that's no problem! We might try making faces, writing, or drawing to show what I'm feeling.**

**At the end of my visit, my speech therapist may give me  
some homework so I can practice before next time!**
